NOTE ABOUT REPORT

Citizens are not required to provide race or ethnicity on the voter registration application. That is why it is a challenge to ascertain whether a register voter is Latino, Asian, African-American, non-Hispanic White or other. Still, although not a perfect science, surnamed analysis of the voter roll may provide the most concrete method to approximate the composition of the Harris County electorate.

- ❑ The figures on the tables are ESTIMATES derived from a surnamed analysis conducted on the Harris County Voter Roll using US Census Spanish and Asian surnamed glossaries.
- ❑ The 'NOT Spanish or Asian Surnamed' totals were obtained by subtracting the combined Spanish and Asian sub-totals from the total number of registered voter. [Total registered voters – (Spanish-surnamed registered voters + Spanish-surnamed registered voters)]
- ❑ The Harris County Voter Roll is provided to the County Clerk by the Office of the Tax Assessor/Voter Registrar. In Harris County, the Tax Assessor Collector oversees the voter registration process and maintains voter registration records.
- ❑ The County Clerk is the chief elections officer of Harris County and conducts all elections ordered by the Harris County Commissioners Court.
